Everything you always wanted in an LED Bubbler . . . just smaller.

The NEW Brilliant Wonders® 4" LED Bubbler utilizes precision RGBW technology developed for the 1.5" LED Light. It features a beam-focusing lens for maximum brightness in a compact, energy-efficient size.

Compared to other "mini" bubblers, the Brilliant Wonders 4" LED Bubbler is versatile, efficient and easy to install.

1. BEAM-FOCUSING LENS

The unique beam-focusing lens design focuses the light directly on the bubbler "flume," for maximum LED light transfer and minimal lighting over-glow.

2. SMART SYNC™ TECHNOLOGY

Available with Brilliant Wonders® Smart Sync programming to synchronize with lighting and controls from major pool OEMs.

3. IP68 WATERPROOF QUICK DISCONNECT

Use the IP68 quick-disconnect cord to remove the light module without pulling up to 150 feet of cord.

4. MINIMALIST, FLUSH INSTALLATION

Installs flush with the pool floor with the housing hidden from view for a clean installed appearance.

5. DIRECTIONAL NOZZLE

Take control over flume direction, even on beach entries, and alter flow with the included reducers.

6. GUNITE, FIBERGLASS & VINYL POOLS

Vinyl/Fiberglass kits are available in five colors to complement any pool finish. Colorful trim rings attaches using heavy duty brass inserts for a secure installation.
